HAD THROAT AND STOMACH TROUBLE FOR FIFTEEN YEARS

Mr. Bates Tells How He Finally Got Rid of It—Says He's Cured.

"I had throat and stomach trouble for 15 years. A dozen doctors gave me no relief. Finally they sent me to Colorado. I stayed there three months without benefit and came home coughing worse than ever. Then I heard of Milks Emulsion and commenced taking it. Before I had taken half a bottle, I found it was doing me more good than all the medicine I had ever taken. I continued its use until it cured me sound and well. I have gained 15 pounds, don't cough any more and can eat anything. Thank God I heard of Milks Emulsion."—John Bates, 179 S. West St., Carbondale, Ill.

Sufferers from indigestion, bloating, dizziness, bad cough and all other variations of stomach trouble should try Milks Emulsion. It costs nothing to try—it is guaranteed. And it has quickly succeeded in thousands of severe cases.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Coming! "Battle of the Pacific" AMERICA WILL FIGHT AGAIN—PREDICTION

How Will Justice Be Meted Out to the Kaiser?

That the world is soon to witness another great war on even a larger scale than the present one has been, and that it will be a struggle between the Orient and the Occident, in which America and Japan will take the leading parts, is the belief of many writers today.

Evangelist H. B. Wescott will speak on the question, in the light of Bible prophecy at the Dixie Theatre, Sunday afternoon at 2:30 o'clock. The subject of his lecture will be "The Coming Battle of the Pacific."

At 7:30 o'clock Mr. Wescott will preach again. His subject, "Will the Kaiser Spend Eternity in Hell?" has been creating a great deal of interest and discussion, and will undoubtedly draw out a large congregation.

These lectures will continue for several weeks, and beginning on Sunday there will be services both afternoon and night.

There is no charge of admission at these services, and every one is made welcome.

Miss Nelle Mead, who has been sick with a severe cold, is recovering, so it is hoped she will be able to lead the singing Sunday.

How Domestic Consumers Can Save Gas

- DON'T burn lamps in daytime.
- DON'T keep hot water tank flame higher than necessary.
- DON'T turn gas on for cooking until you have vessel ready for use; turn off immediately when cooking is completed.
- DON'T use gas at high pressure and long flames. Short flames, if properly directed, consume less gas for the same cooking operation.
- DON'T turn the gas high after cooking boils. After boiling begins, the same temperature can be maintained with smaller gas consumption.
- DON'T keep rooms at over 68 degrees; lower temperature by turning down gas, not by opening doors and windows.
- DON'T burn gas in a furnace without automatic thermostat control. Such an automatic device prevents overheating and waste of gas.
- DON'T burn gas in an ordinary coal furnace. It requires much more gas for the same heat than with specially built natural gas furnace.
